ABOUT ME

I'm a highly motivated and enthusiastic IT intern with a strong passion for technology and a solid foundation in programming languages. I possess excellent problem-solving skills and am eager to embrace emerging technologies. My goal is to join a dynamic team and gain hands-on experience in software development, network administration, or cybersecurity. I am dedicated to contributing to an organization's growth while further developing my skills and expanding my knowledge in the IT industry.

PROJECTS

- VISITORS ACCOMDATION SYSTEM

The "Visitors Accommodation System" is a software designed to manage various activities in a PG (Pay Guest) accommodation facility. Users can specify their accommodation requirements, and the system will match these requirements with the details stored in its database. Once a match is found, the relevant accommodation details are provided to the user.

- FRESH BASKET

The 'Online E-commerce Android application' Services department strives to provide solutions to develop and transfer easy and efficient way in the digital age and to help reduces the human pressure and time.

CERTIFICATION
